WORK EXPERIENCE

Bit Project React Developer

San Francisco (Remote) | May 2020 - July 2020

Worked on Bit Project's STEM learning course management system using Nextjs.

Sourceress Technical Writer/Technical Sourcer

San Francisco (Remote) | October 2017 - January 2020

Helping connect businesses with employees as part of an ML-powered HR startup. This necessitates excellent technical knowledge and communication skills.

Freelance Web Design

Contract Work (Remote) | August 2019 - March 2020

Designing and building a site for a Guangzhou-based musician's new album using ThreeJS and p5. Project was put on hold due to COVID.

Vassar College URSI Experiment Designer

Poughkeepsie, New York | May-September 2016

Researched, programmed, ran and analyzed data for an experiment which examined the effects of learning mode and category type on ability to successfully learn and identify categories. Presented at the [Cognitive Science Society's National Convention](#). Used JSPsyh framework for coding. JS, Python, R.

VOLUNTEER EXPERIENCE

Regendered Scripture Volunteer

New York, New York | June 2018-Present

Working with new media artist Yael Kanarek to regender and re-present the new and old testaments. Visual design, campaign organization, rewriting scripture.

Anatta Volunteer

Lumbini, Nepal | September 2018-May 2019

Volunteered at a girls' college in rural Nepal. Founded/headed the drama club and redesigned the computer lab in addition to teaching English classes.
